## CORE CAPABILITIES

### FIELD SERVICES
- Pre-sales engineering support
- Design
- Installation
- Deployment
- Smart Hands
- Rack & Stack

### INTEGARTION CENTER
- Upgrades
- OS Installs & Pre-configuration
- Software Installs
- Validation
- Disk Wipe
- Imaging
- Microsoft Migrations
- Staging
- Testing
- Warehousing & Logistics

### TOP TALENT
- Product & Solutions Experts
- Pre & Post Consultants
- Infrastructure & Solutions Architects
- Certified Engineers & Technicians
- Project Managers
- Smart Hands Support

## CORE SOLUTIONS

### NETWORKING
- Design, Implementation & Management
- Core Routing & Switching
- Maintenance & support

### SERVER & STORAGE
- Design, Implementation & Management
- Datacenter, on-site, backup & recovery
- Maintenance & support

### INFRASTRUCTURE
- Structured cabling copper CAT 6 & 5e
- Fiber optic (single mode and multimode)
- RF structured cabling
- Electrical

### WAN INFRASRUCTURE & WIRELESS
- Design, Implementation & Management
- WAN, SD, infrastructure, maintenance & support
- Maintenance & support
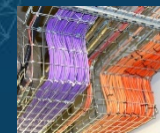

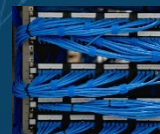

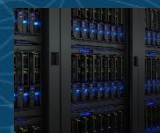

### AUDIO VISUAL & POINT OF SALE
- Audio Video Systems
- Point of Sale (POS) Solutions
- Smart Hands support

### PROACTIVE MANAGED SERVICES
- Monitoring
- Management
- Break/Fix

### CYBERSECURITY & MANAGED SECURITY
- Managed Detection and Response
- Behavioral detection across entire infrastructure
- Early detection of reconnaissance & lateral movement with protection
